[Edit](#)

[Google Sheets:](#)

A link will be sent prior to the trial. These pages are your lifeline to the trial. Please make sure you have access to google sheets and follow the link that will be provided closer towards trial day. The pages will have all classes, levels and running order for the trials. It will be color coded to show who has checked in, who is on deck, who is running, who has a conflict, who is absent and who has finished. If you line up outside for your runs, please social distance. We are going to allow three teams for each element in the building at one time. If you follow google sheets closely you will see which three teams are on deck and who is running. We will take another team in when a dog exits the search area. Masters will remain outside and/or in our hallway because they can't be inside the building when other master teams are running.

What to do if you don't have access to Facebook or Google Sheets:

Let your check in steward know you don't have access to either of these. We will help find a solution!
